

GUMBO SOUTH 2003

TO CUSTOM CATERING AND MR. EMILE STIEFFEL,

We did it again! On April 26th, 2003 athletes with physical and visual disabilities came together to display their athletic abilities and to compete against their peers in a track and field competition. The success of this event greatly depends on the assistance of the community. once again the business community has risen to the challenge. They have provided awards, food products, paper products, water, publicity, and many other valuable services. As meet director, I would like to extend my deepest gratitude on behalf of the GUMBO South Advisory committee and the athletes. I sincerely hope that the relationship with GUMBO and our business community continues to grow. Thanks again for all your support.

sincerely,

Christy Little; GUMBO South Meet Director
